WORK IMMERSION PROGRAMME · SUMMER 2027

A four-week work experience programme in audit, accounting and legal due diligence

WHAT THE PROGRAMME IS

Four Weeks of Real Practice Work

Over four weeks in the summer holiday, students learn how audit, accounting and legal due-diligence work is done in Hong Kong, from basic concepts to search and verification skills and supervised audit work, and finish with a due-diligence report of their own.

WHAT PARTICIPANTS TAKE AWAY

Certificate and Real Experience

Every participant receives an Alpha Academy Certificate of Completion. The programme suits students considering accounting, business, finance or law who want first-hand experience for personal statements and interviews.

WHO DELIVERS THE PROGRAMME

Delivered by Alpha Academy

The programme is planned, delivered and supervised by Alpha Academy. Sessions run Monday to Friday, 10:00 AM to 12:00 PM, and the group is capped at 10 students so that every piece of work can be discussed and checked one to one.

HOW PLACES ARE OFFERED

First Come, First Served

Places are offered in the order that enrolments are confirmed. A place is confirmed once the programme fee is settled in full.

THE FOUR WEEKS AT A GLANCE

DAYS 1–5

Week 1

Accounting, auditing and AML foundations

DAYS 6–10

Week 2

Search skills, public records and a group visit

DAYS 11–15

Week 3

Supervised SME audit work and contingent liabilities

DAYS 16–20

Week 4

Legal due-diligence exercise, report and certificates

20 weekday sessions of 2 hours each, 40 hours in all. Dates to be announced.

WEEK BY WEEK

WEEK 1 · DAYS 1–5

Foundations of Accounting, Auditing and AML

An orientation to accounting and audit work, then the core concepts of auditing and the purpose of an audit, and the anti-money laundering (AML) and customer due-diligence checks used by professional firms. Towards the end of the week, students become familiar with the structure of a working audit file.

WEEK 2 · DAYS 6–10

Search Skills and Public Records

Supervised search and verification work using the Companies Registry, the Land Registry and legal-case databases, the same sources used in legal due diligence, with an Alpha Academy-led group visit to the Land Registry and Companies Registry.

WEEK 3 · DAYS 11–15

Supervised SME Audit Work and Contingent Liabilities

Under supervision, students work on audit schedules for small and medium-sized enterprise (SME) case files, covering fixed assets, share capital, bank balances and trade receivables, and learn how to assess legal cases in connection with contingent liabilities.

WEEK 4 · DAYS 16–20

Legal Due-Diligence Exercise and Report

Building on the skills learnt, students carry out a legal due-diligence exercise and prepare a written report, which is reviewed with them by Alpha Academy. Alpha Academy Certificates of Completion are presented on the final day.
